
Annual Tree Trimming Notice

Reedsburg, WI (January 19, 2010)

Reedsburg Utility will begin their annual process of tree trimming this week (January 19th) thru the end of February. The process of tree trimming is necessary so that tree limbs do not interfere with electrical lines and cause potential problems in the future. Reedsburg Utility may contact property owners in some cases to have permission to drive equipment onto your property in order to trim the interfering trees. If you have any questions or concerns regarding tree limbs interfering with electric lines on your property please contact the Reedsburg Utility office at: 524-4381 during normal business hours from 7AM to 4PM.
